

Menlo Parks Transitional Kindergarten Program

This program is for children who are four years or young fives who may need another year to mature before moving on to a traditional kindergarten program. Transitional kindergarten is not just another year of preschool. Children in our transitional program will work towards similar goals as a standard kindergarten program, but will work at their own individualized pace balanced with free play time.

Children in our program will work in small groups with a very low teacher/student ratio (1:11)

Monday thru Friday, from 9am-12pm

Program operates from September-June

Nutritious Morning Snack offered

Weekly Library Visits

Weekly cooking & art projects

Skill Building
