

Washing Machine Rebate Program

The Menlo Park Municipal Water District (MPMWD) offers rebates on qualifying washing machines.

Program Background

More than 20% of all water consumed in a home is used in the washing machine. Receive up to a \$175 rebate with the purchase of a new energy and water efficient washing machine. Continue to save money each month on utility bills!

To qualify for the \$175 rebate:

The address must be served by MPMWD. Check the [street list](#) or [map](#). If the address is not served by MPMWD contact your water company directly.

- The address must be served by PG&E. This rebate is a combined energy and water rebate.
- The clothes washer must be purchased new at a retail store price.
- The washing machine must be listed at the following website:
www.waterenergysavings.com
- Submit an application online at www.waterenergysavings.com or call the City of Menlo Park Engineering Department at 330-6740 to request a paper application.
- The qualifying washer must remain at the property for at least six months after installation date.

One rebate per household is allowed within a five-year period. The program expires on December 31, 2010 or sooner, if funds are exhausted.

For questions call the Menlo Park Engineering Division at 330-6740.
