

MENLO PARK MUNICIPAL WATER DISTRICT

701 Laurel St / Menlo Park, CA 94025

(650) 330-6786 / Fax (650) 327-1953

Dear Customer,

For your convenience, Menlo Park Municipal Water District (MPMWD) has compiled a list of A.W.W.A. certified backflow assembly testers that have registered with us and are authorized to perform work within our jurisdiction. MPMWD does not recommend nor endorse any individual or company listed. **Only those certified testers on this list are eligible to test your backflow prevention assembly (ies).** The tester must notify you if your backflow prevention assembly is not installed properly per MPMWD standards and requirements. The tester must also purchase a Backflow History Tag from MPMWD (located at 333 Burgess Dr) and attach to the tested assembly, if one does not already exist and is not expired. The tester is also required to submit the test report to MPMWD within ten (10) days of testing the assembly – PASS or FAIL. You are responsible for making sure the assembly is tested and/or repaired within 30 days of the test notice.
