

# Street Tree Walk

with Barrie Coate, Consulting Arborist  
and City of Menlo Park Staff

Saturday, November 4<sup>th</sup>  
9 to 10 a.m.

Meet at the intersection of Cotton St. and Hillview Dr.

The Arborist and staff will discuss problems with selected aging street trees proposed for removal and replacement. Also, we would like to answer your questions and receive your comments about the Pilot Reforestation Project. Approximately 30 to 35 trees are proposed for replacement in this neighborhood as part of a long term effort to ensure a variety of sizes, ages and species of street trees for decades to come in Menlo Park.
