F. Public Hearing

F1. City of Menlo Park/General Plan and M-2 Area Zoning Update, including a General Plan Amendment, Zoning Ordinance Amendment, Rezoning, Environmental Review:

The City is proposing to update the Land Use and Circulation Elements of the General Plan, including revised goals, policies and programs, the establishment of new land use designations, and the creation of a new street classification system. The General Plan Update seeks to create a live/work/play environment that fosters economic growth, increased sustainability, improved transportation options and mobility, while preserving the existing residential neighborhood character and quality of life enjoyed today. The land use changes are generally focused in the M-2 Area (which is primarily the existing industrial and business parks located between Bayfront Expressway and Highway 101) and could result in an increase in development potential above what would be allowed under the current General Plan, as follows:

- Up to 2.3 million square feet of non-residential space;
- Up to 4,500 residential units; and
- Up to 400 hotel rooms

This additional development potential in the M-2 Area, combined with the remaining development potential under the current General Plan, would result in a total of up to 4.1 million square feet of non-residential development and up to 5,500 residential units in the City.

The Planning Commission will consider and make recommendations to the City Council on the following:

1. General Plan Amendments: Incorporate the updated Land Use and Circulation Elements into the General Plan. Change the General Plan land use designations of properties in the M-2 Area to one of the following designations - Light Industrial, Office, Life Sciences, Mixed Use Residential, Baylands and Public Facilities. No land use designation changes are anticipated outside of the M-2 Area and Baylands Area.
2. Zoning Ordinance Amendments: Create three new zoning districts in the M-2 Area for consistency with the proposed General Plan Land Use Element. The proposed zoning districts include Office (O), Life Science (LS) and Residential-Mixed Use (R-MU) designations. The O district includes overlays to allow hotels (O-H) and corporate housing (O-CH). Overlays for bonus level development are also proposed in the Office, Life Science and Mixed-Use zoning districts (O-B, LS-B, and R-MU-B). In addition, proposed changes to the C-2-B (Neighborhood Commercial District, Restrictive) zoning district would allow for residential uses with up to 30 dwelling units per acre and heights of up to 40 feet for mixed use development. The zoning ordinance amendments also include proposed modifications to streamline the hazardous materials review process as an administrative permit, subject to the review and approval of the Community Development Director (or designee) when certain criteria are met, and other minor modifications, such as allowing administrative review for architectural changes in the O and LS districts similar to current regulations for the M-2 district, changes to the nonconforming uses and structures chapter, and other minor text amendments for consistency in implementing the proposed changes to the M-2 Area.
3. Rezoning: Rezone property in the M-2 Area to one of the following zoning designations for consistency with the proposed General Plan land use designation amendments – O (Office), Office, Hotel (O-H), Office, Corporate Housing (O-CH), Office, Bonus (O-B), Life Science (LS), Life Science, Bonus (LS-B), Residential Mixed Use, Bonus (R-MU-B), Public Facilities (P-F), and PF (Flood Plain).
4. Environmental Review: Review of the Final Environmental Impact Report (EIR) prepared for the General Plan and M-2 Area Zoning Update, which analyzes the potential environmental impacts of the General Plan and M-2 Area Zoning Update.

([Staff Report #16-083-PC](#))

The Planning Commission discussed the item at its meeting on October 19, 2016 and continued the item for further discussion and recommendation.
