LICENSING AGREEMENT

This License Agreement ("License Agreement"), dated as of 9/3, 2020, for reference purposes only, is made by and between Hibiscus Properties, LLC, a Delaware limited liability company ("Licensor"), and the City of Menlo Park, a municipal corporation of the State of California ("City" or "Licensee").

Licensor is the owner of certain real property located in the City of Menlo Park, County of San Mateo, State of California, as more particularly described in Exhibit A attached hereto (APN: 055-260-310) ("Campus Expansion Property").

Pursuant to that certain Development Agreement by and between Licensor and City dated December 14, 2016, and recorded in the Official Records of the County of San Mateo ("Official Records") as Document Number 2016-133794, as subsequently amended from time to time, and the Second Amended and Restated Conditional Development Permit dated December 5, 2017, and recorded in the Official Records as Document Number 2017-114053 ("CDP"), Licensor is obligated to enter into an irrevocable license agreement for the benefit of the public allowing public access over a portion of the Campus Expansion Property.

NOW THEREFORE, for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Licensor hereby grants to Licensee a non-exclusive, irrevocable license for public access and recreational open space purposes (as determined by Licensor in its reasonable discretion) ("Public Access License") over, under, across, along, in, and through a portion of the Campus Expansion Property as legally described on Exhibit B and shown on Exhibit C hereto ("Publicly Accessible Open Space" or "License Area"), subject to the following terms and conditions:
1. **Reservation of Rights; Rules and Regulations.** The rights granted to Licensee in favor of the public under this License Agreement are non-exclusive and subject to the right of Licensor (including, without limitation, its third party invitees and permittees) to use the Publicly Accessible Open Space including, without limitation, as follows: (a) Licensor may install temporary or permanent landscaping, temporary or permanent furnishings, amenities, and other personal property and improvements in the Publicly Accessible Open Space in Licensor’s reasonable discretion, so long as such installations do not unreasonably interfere with public access through and upon the Publicly Accessible Open Space; (b) Licensor may (subject to applicable laws) remove or cause to be removed from the Publicly Accessible Open Space and from Licensor’s property any member of the public engaged in behavior that is unlawful or dangerous, constitutes a private or public nuisance, or unreasonably interferes with access to or operation of the Publicly Accessible Open Space by Licensor or the public, it being understood that the primary use of the Publicly Accessible Open Space is for passive recreational purposes; (c) Licensor may erect and maintain screening, fences, or similar facilities within the License Area that are reasonably necessary to protect any landscaped bioretention areas located within the License Area from intrusion or damage; and (d) Licensor may use the License Area for any purpose that is consistent with the rights granted to Licensee under this License Agreement. Licensor also reserves the right to impose reasonable rules and regulations governing access to and use of the Publicly Accessible Open Space, including hours of operation, and to temporarily close the Publicly Accessible Open Space in case of emergency or when Licensor reasonably deems it necessary for security purposes. In the event that Licensor exercises its right to impose reasonable rules and regulations governing access to and use of the Publicly Accessible Open Space, Licensor shall prepare the initial set of rules and regulations and submit them to the City’s Community Development Director for review and approval, which such approval shall not be unreasonably denied, conditioned or delayed. After the initial rules and regulations have been approved by the City, Licensor may make reasonable modifications to the rules and regulations in its sole discretion, provided that at least 10 business days prior to enacting the proposed modification, Licensor has provided written notice and a copy of the proposed modifications to the rules and regulations to the City’s Community Development Director. Within ten 10 business days of receipt of the proposed modifications, if the Community Development Director believes that any of the proposed modifications are unreasonable, the Community Development Director may provide written notice to Licensor stating the basis for his or her objections and requesting a meet and confer conference. Within 10 business days of receiving that notice, the City and Licensor shall meet and confer in good faith at a mutually agreeable time and location in order to attempt to resolve the matter. The meeting shall be attended by representatives of the City and Licensor who have authority to resolve the matter.

2. ** Modifications to License Area.** Licensor shall also have the right, at its sole expense, to make reasonable changes in the location or dimensions of the Publicly Accessible Open Space to foster normal use and/or accommodate future development of the Campus Expansion Property, provided that: (a) the proposed changes do not significantly reduce either the utility of the Public Access License or the City’s ability to use and enjoy the Public Access License, or frustrate the purposes for which the Public Access License was created; and (b) City approves such changes pursuant to the procedures set forth in the City’s municipal code or the CDP, as applicable. If changes are made pursuant to this Section 2, Licensor shall, at no additional cost to City, prepare an amendment to this License
Agreement, in recordable form, as necessary to reflect the changes. Thereafter, City shall enjoy all rights conveyed herein with respect to the License Area as modified.

3. **Term.** This License Agreement and the rights granted to City and the public are hereby granted in perpetuity.

4. **Maintenance and Repair.**
   (a) Licensor shall solely be responsible for maintaining and repairing the Publicly Accessible Open Space in good condition and in accordance with the CDP.
   (b) If City in good faith believes Licensor has failed in any material respect to adequately maintain the License Area so as to accommodate public access pursuant to this License Agreement, City may give 30 days' written notice to Licensor that the License Area is in need of maintenance or repair, specifying the nature of the needed repair or maintenance. If Licensor fails to perform the repair or maintenance deemed necessary by City within such 30-day period, City and its representatives and contractors shall have the right to enter upon the License Area for the purpose of performing such work, and City may thereafter obtain reimbursement from Licensor for the actual and reasonable cost thereof.

5. **Encroachments.** The Public Access License is subject to all existing encroachments of utilities and improvements on, over, and under the License Area, and to all future encroachments of utilities and improvements constructed or installed on or around the License Area (provided, however, that Licensor shall not grant or make future encroachments that unreasonably interfere with City's right to use the License Area pursuant to this Agreement).

6. **Use at Own Risk.** Use of any portion of the License Area by Licensee or the public is solely at their own risk. Licensor assumes no duty to or for the benefit of the public for defects in the location, design, installation, maintenance, or repair of any improvements within the License Area, for any unsafe conditions within the License Area, for the failure to inspect for or warn against possibly unsafe conditions, or to close the License Area to public access when unsafe conditions may be present. Licensor is not responsible for the acts or omissions of Licensee or any member of the public in, on, or about the License Area, and Licensor shall have no liability for the acts or omissions of such parties. Any member of the public who utilizes the License Area shall assume the risk thereof from and against all losses, damages, liabilities, expenses, claims, or demands of any character, direct or consequential, arising out of the use of the License Area, including, but without limiting the generality of the foregoing, injury to or death of any person, except for those claims arising from the gross negligence or willful misconduct of Licensor. Licensor shall not be liable to Licensee or the public for any damage to, or loss (by theft or otherwise) of, any property of Licensee or of any other person, irrespective of the cause of such injury, damage, or loss, except to the extent attributable to the gross negligence or willful misconduct of Licensor.

7. **No Personal Liability of Licensor.** Any liability of Licensor under this License Agreement shall be limited to Licensor's interest in the License Area, and in no event shall any personal liability be asserted against Licensor or its successors or assigns.

8. **Notices.** Any notice, consent, demand, or other communication required or permitted to be given under this License Agreement shall be in writing, shall be sent by (a) overnight courier for next-business-morning delivery; (b) by registered or certified mail, return receipt requested, or (c) by personal delivery, to the parties at the following addresses (or to such
other or further addresses as the parties may designate by like notices similarly sent), and shall be deemed given and received for all purposes three business days’ after the date deposited in the United States mail if sent by registered or certified mail, or the date of delivery if sent by courier or personal delivery, except that a notice of a change in address shall be effective only upon receipt:

This License Agreement grants to Licensee and members of the public a personal privilege to access and use the License Area on the terms and conditions set forth in this License Agreement.

10. **Covenants Run with the Land.** The Public Access License shall run with the title to the land and any portion thereof. Licensor further agrees that whenever the Campus Expansion Property or any portion thereof is held, sold, conveyed, or otherwise transferred, it shall be subject to this License Agreement which shall apply to, bind, and be obligatory to all present and subsequent owners of the Campus Expansion Property or any portion thereof. Upon the transfer of the Campus Expansion Property to a successor party, the successor party shall constitute the “Licensor” under this License Agreement and all predecessors-in-interest to such successor party shall be fully relieved of Licensor’s obligations hereunder arising after the effective date of such transfer and shall have no liability for any default or failure to perform occurring from and after the date of such transfer of the Campus Expansion Property.
