Dear Chip Taylor,

Thank you for the opportunity to discuss a consulting role within the City Manager's office and/or Public Works, focused on delivering rapid execution of key projects and innovating the approach to project implementation. With over 10 years as a civil engineer in both the private and public sectors, coupled with over 5 years creating and leading a consumer products company, I bring a unique perspective on how to rapidly innovate and prototype within complex constraints in order to achieve success.

We can discuss specific project scope in greater detail as you and the City Manager prioritize objectives, and for planning purposes, below is a breakdown of availability and billing rates.

Billing Rate: $155/hr
Availability: Up to 20 hrs/week
Meetings: Month of June, no limit for on-site meetings in order to initiate projects; beginning July 1: up to 2 on-site meetings/month included, $400/meeting thereafter

This is a unique opportunity to bring an innovative mindset to project planning, and I am looking forward to working diligently with you and the other team members at the City of Menlo Park to implement crucial projects.

Thank you,

Matt Oscamou, PE
