DEFERRED FRONTAGE IMPROVEMENT AGREEMENT FOR 1605 ADAMS DRIVE

THIS AGREEMENT, dated this \underline{6}\_\_ day of August, 2018, is by and between the City of Menlo Park, a Municipal Corporation, hereinafter referred to as "CITY," and MENLO PREPI I, LLC, a Delaware limited liability company, hereinafter referred to as "MPII," and TPI Investors 9, LLC, a California limited liability company, hereinafter referred to as "TPI 9," with both "MPII" and "TPI 9" collectively hereinafter referred to as "OWNER" or "MENLO PARK PORTFOLIO."

RECITALS

WHEREAS, the application for a Use Permit Revision to remodel the existing building and site at 1605 Adams Drive, Menlo Park, California, hereinafter referred to as "PROPERTY," was approved by the Planning Commission on December 4, 2017, with a condition of approval which requires the OWNER to either submit documentation of a deferred frontage improvement agreement or complete any future frontage improvements as deemed necessary by the CITY.

WHEREAS, it has been mutually agreed by the parties that construction of the frontage improvements is not advisable at this time; and

WHEREAS, the parties hereto mutually desire to defer the construction of the frontage improvements to a later date as determined by the CITY.

NOW, THEREFORE, it is agreed by and between the CITY and OWNER hereto as follows:

1. CONDITIONS OF AGREEMENT

A. OWNER represents and warrants that OWNER is the fee title owner of the PROPERTY and as more particularly described in Exhibit "A," which is attached hereto and incorporated herein. OWNER acknowledges that the Use Permit issued for building and site improvements on the PROPERTY is subject to a condition of constructing frontage improvements. The application for Planning Commission approval is expressly incorporated by reference and made part of this agreement, together with the Use Permit and its Conditions of Approval.

B. The parties hereto agree that the actual construction of the frontage improvements may be delayed as provided herein. Failure to provide for the construction of the frontage improvements as required by CITY, after applicable notice and cure periods provided for in this agreement, will constitute not only a
failure of condition as to OWNER’s Use Permit, but also a breach of this Agreement which additional legal remedies are not precluded.

2. IMPROVEMENT FUNDS AND BOND

Upon execution of this Agreement, OWNER shall post funds with CITY for the design, construction and construction management for the frontage improvements in the amount of two hundred twelve thousand, three hundred forty four and 00/100 dollars ($212,344.00) as a guarantee that said frontage improvements will be completed. Throughout the term of this Agreement, until the frontage improvements have been completed in accordance with the terms and provisions herein, these funds shall remain with the CITY. Nevertheless, OWNER may substitute a performance bond for the posted funds, provided that the performance bond is for 200 percent of the Engineer’s Estimate (Exhibit “C”) and will extend through the term of the agreement. OWNER’s liability pursuant to Section 4 of this Agreement shall not be limited to the funds or bonds deposited with CITY.

3. REQUEST TO PROCEED AND PLANS

Upon written notification to proceed by CITY, OWNER will engage a civil engineer, licensed in the State of California, to design and prepare construction drawings for the required improvements to be approved by CITY’s Public Works Director. Said drawings shall be submitted to the CITY within 90 days after notification and construction shall commence within 30 days after approval of the construction drawings. Construction shall be diligently completed.

4. PERFORMANCE OF THE WORK

A. OWNER agrees to provide for the construction of certain improvements along the frontage of the PROPERTY at the sole cost and expense of OWNER. Said improvements shall include the following per Menlo Park Municipal Ordinance §16.44.110: curb and gutter, sidewalk, street trees (if applicable), and streetlights. Said improvements are shown in Exhibit “B,” which is attached hereto and incorporated herein. For ease of constructability, the frontage improvements along Adams Drive may be completed in phases. Therefore, the funds provided may be used for construction of improvements at a location other than the project frontage, but which will satisfy OWNER’s obligations under this Agreement. It is within the sole discretion of CITY’s Public Works Director to determine the final street cross section and scope of improvements, and the location of such improvements. Determination of when the required improvements are to be constructed shall be within the sole discretion of CITY’s Public Works Director, subject to the terms of this Agreement.

B. Upon written notice to OWNER, the CITY’s Public Works Director may choose to perform the design engineering work and the construction of the frontage improvements as an alternative to Section 3 above. If the estimated cost of such work exceeds the amount of the funds posted with the CITY of the design, construction, and construction management for the frontage improvements, the CITY shall provide OWNER written notice thereof, including a detailed breakdown of such cost. Within thirty (30) days after OWNER’s receipt of such notice, OWNER may exercise the right to engage a licensed contractor to perform such at OWNER’s cost by delivering written notice of such exercise to the CITY. If CITY performs the design and construction work, OWNER will reimburse the CITY within six (6) months of written notification, for the cost of the frontage improvements, accompanied by a detailed breakdown of such cost. The cost of the frontage improvements shall be the actual cost of construction.

5. HEIRS, SUCCESSORS AND ASSIGNS

This Agreement, consisting of the burdens of constructing and/or paying for the costs of said frontage improvements, is intended to run with the land described in Exhibit “A” and is binding on the heirs,
successors, and assigns of the OWNER and the benefit is to run to the successors and assigns of the CITY. All reasonable costs incurred by the CITY in its performance under Section 4 of this Agreement shall constitute a lien upon the Property.

OWNER will include in any sales agreement or transfer of any interest in any part or the whole of the PROPERTY which is covered by this Agreement, the requirement that the Buyer/Transferee assume the responsibilities set forth in this Agreement, as to the PROPERTY and agrees to be subject to the terms and conditions herein, as an heir, successor, or assignee of OWNER. OWNER shall require the Buyer/Transferee to sign and acknowledge a notarized statement substantially in the following form:

"Buyer/Transferee hereby acknowledges and assumes all responsibility for the construction of frontage improvements related to the property for which Buyer/Transferee is acquiring an interest, in accordance with the terms and conditions of the Agreement between the City of Menlo Park and Menlo Park Portfolio, fee title owner of the real property commonly known as 1605 Adams Drive, recorded as part of the Official Records of San Mateo County."

This statement shall be delivered to CITY’s Public Works Director before the transfer of any interest in parcels covered by this Agreement.

6. LIEN

In the event there is a default of Section 4 above by the OWNER, the CITY shall provide the OWNER with written notice specifying the nature of such default and OWNER shall have fifteen (15) days following OWNER’s receipt of notice from the CITY to commence such cure and diligently pursue it to completion. If OWNER fails to do so, then upon written notice to OWNER the CITY may proceed to cause said construction to be done and charge the actual cost thereof to the OWNER, including interest thereon at the maximum legal rate from the date of written notice of said cost and expense, until paid.

In the event of a default on the part of the OWNER to pay for the actual cost of such frontage improvements, the CITY may pursue recovery of such cost against the PROPERTY and/or against the funds posted with the CITY for the design, construction, and construction management for the frontage improvements by OWNER to secure performance of the frontage improvements.

7. SEVERABILITY

In the event that there are any changes to the law, which would make any part of this Agreement invalid, that portion of the Agreement shall be severed from the Agreement and the remaining portions of the Agreement shall remain in full force and effect.

8. TERM OF AGREEMENT

The term of this Agreement shall commence of the date of recordation of this Agreement. CITY reserves the right to enforce this Agreement at any time during the life of this Agreement. The Agreement will expire only after completion of and CITY acceptance of the improvement specified in Exhibit “B” or upon the mutual written consent of both the OWNER and the CITY. If OWNER constructs the frontage improvements as required herein, this Agreement will terminate. After such termination, CITY will duly execute a confirmation of such termination in recordable form, within thirty (30) days after written request by OWNER that provides a mutually acceptable form of such termination.
