### Special Notes Regarding EV Installations

**Note:** All materials and labor are under warranty for one year after installation. We are not responsible for the condition or capacity of the existing electrical system, but we will note any problems we find as work is completed. ABM Electrical Solutions is not responsible for any vandalism that occurs during or after the installation of materials. Price quotes are good for 30 days. Payment terms: Due net "25 days".

**Permits and Technical Drawings:** Permits and Single Line Drawings are included with this proposal. In cases where "stamped engineered" drawings are required, additional charges may apply.

**Signal Boosting Antennae:** At times a signal boosting antennae is required for the wireless feature of some EV Chargers to function properly. During the original site visit we made every effort to determine the need for a signal boosting antennae. However, even if a signal boosting antennae is or is not included with this quote, it does not mean that a need does not exist or will not arise in the future for the installation of signal boosting unit(s). Due to the nature of wireless signals, possible interference, line of sight obstructions, etc. one or more antennae could be needed. Once the installation of the EV Charger(s) has been completed the functionality of the wireless feature and network capabilities will be tested. If at that time or any time thereafter it is determined that one or more signal boosting antennae(s) are required it is considered an addition to this quote and a separate quote will be provided.

**ADA and Accessibility Requirements:** All ADA requirements determined by municipal or state agencies are the responsibility of the customer. Our quote is for the installation of the electrical system(s) necessary to the specific scope outlined for the EV Chargers specified. It does not include surface modifications, striping removal, re-striping, etc. that would be necessary to comply with ADA or Accessibility Requirements. Any changes or additions to the electrical scope caused by ADA or Accessibility requirements are considered an addition to this quote.

**Bollards, Wheel Stops, and Signage:** Unless specified in the scope of work, bollards, wheel stops and signage are not included.

### TERMS AND CONDITIONS

2. Contractor warrants that the workmanship hereunder shall be free from defects for thirty (30) days from date of installation. If any replacement part or item of equipment proves defective, Contractor will extend to Customer the benefits of any warranty Contractor has received from the manufacturer. Removal and reinstallation of any equipment or materials repaired or replaced under a manufacturer's warranty will be at Customer's expense and at the rates then in effect.
3. Customer will promptly pay invoices within Twenty-five (25) days of receipt. Should a payment become thirty (30) days or more delinquent, Contractor may stop all work under this Agreement without notice and/or cancel this Agreement, and the entire Agreement amount shall become due and payable immediately upon demand.
4. Customer shall be responsible for all taxes applicable to the services and/or materials hereunder.
